Professional Profile

Native Mexican Spanish speaker and analytical professional with over seven years of experience producing precise, structured written outputs across government, international organizations, and research environments. Proven ability to draft and evaluate complex technical documents, apply rigorous quality standards, and identify linguistic nuances specific to Mexican Spanish. Currently completing a Master's in Data Science, with hands-on experience in data annotation, monitoring & evaluation frameworks, and AI-adjacent analytical workflows. Skilled at translating complex information into clear, well-structured text with strict adherence to formatting and stylistic guidelines.

Core Competencies & Technical Skills

- Linguistic Analysis & Transcription: Native Mexican Spanish (written and spoken), technical writing, document annotation, quality assurance, and evaluation rubric design.
- Data & AI Evaluation: Data Science (Python, R), Monitoring & Evaluation (M&E), data annotation, structured feedback workflows, and AI model output assessment.
- Research & Documentation: Technical report writing, legislative analysis, international standards compliance, and cross-institutional documentation in Spanish and English.
- Project Management & Quality Assurance: Certified PMD Pro, benchmarking, QA review cycles, stakeholder coordination, and consistency standards across multi-reviewer environments.

Professional Experience

Intern BB&R | Salamanca, Spain | Present

- Produced structured written analyses and legal research outputs in Spanish and English, ensuring precision, consistency, and strict adherence to document formatting standards.

Policy Advocacy and Mobilization Analyst World Vision México | Mexico City, Mexico | March 2023 – September 2025

- Authored 5+ structured technical reports in Mexican Spanish, applying rigorous analytical frameworks to evaluate child rights data and translate complex information into precise, well-formatted policy documents.
- Designed and executed robust social mobilization strategies that increased youth and child participation in national civic processes.
- Developed and documented evaluation standards and compliance rubrics for local legislative frameworks, ensuring consistency across reviewers and alignment with international benchmarks.
- Monitored compliance with international standards, systematically reviewing and annotating legislative texts against predefined criteria for accuracy, completeness, and instructional clarity.

Mobilization and Sustainability Professional / Consultant Fundación Carulla - aeioTU | Colombia / Mexico | February 2024 – June 2025

- Cultivated strategic alliances with government entities to integrate "Learning through Play" methodologies into formal public education policies.
- Developed a centralized knowledge management system to ensure the long-term operational sustainability and scalability of social projects.

- Implemented data analysis tools to evaluate communities of practice and optimize the social impact of early childhood interventions.

Technical Secretary National Search Commission (SEGOB) | Mexico City, Mexico | August 2021 – January 2024

- Produced and coordinated precise technical documentation in Spanish and English for the National Citizen Council (CNC) during the historic first official visit to Mexico by the UN Committee against Enforced Disappearances (CED), ensuring accuracy and consistency across all institutional outputs.
- Contributed to the design of the National Search Plan and the regulatory framework for the General Law on Disappearances.
- Served as the primary strategic liaison between the CNC, international organizations, foreign cooperation agencies, and institutional stakeholders.

Technical Secretary Local Technical Secretariat for Open Government | Durango, Mexico | March 2021 – December 2022

- Facilitated the collaborative co-creation of the Third Local Action Plan, ensuring transparent stakeholder engagement.
- Advised on the development and implementation of the State Anti-Corruption Policy through strategic policy analysis.

Director General Municipal Youth Institute | Canatlán, Durango | September 2019 – January 2021

- Directed all institutional operations, established formal youth participation mechanisms, and managed the annual departmental budget.
- Forged high-level strategic alliances to launch flagship programs centered on youth entrepreneurship and mental health advocacy.

Director General Municipal DIF | Canatlán, Durango | March 2019 – September 2019

- Optimized organizational resource allocation and conducted rigorous internal audits to enhance social spending efficiency and reactivate essential community services.
- Orchestrated the design, implementation, and evaluation of community projects utilizing a rights-based, gender-sensitive, and inclusive approach.
- Strengthened the local protection system for children and adolescents through specialized case referrals and the coordination of psychosocial support services.
- Championed active listening spaces and protective services for victims of domestic violence and social exclusion.
